## *Summer Cultural Exchange Programme 2019 - Arts*

A unique programme with arts,  
sports, vocal and English learning

We are delighted to welcome students between the ages of 10 to 16 to attend our summer programme to learn and experience boarding school life in England. Students are not only learning English, playing sports, they will have the opportunity to learn art appreciation and to join our music students to perform singing in a concert.

This includes exclusive tuition from the Head of Art Department of a renowned UK Prep School, practising drawing and sketching in one of the world's heritage sites and visiting Art Museum and interesting places.

The course will be resident at the world's renowned Yehudi Menuhin School, Stoke D'Abernon, Cobham (inside the M25 close to London) for a week and then with a possible option to extend to the London Festival for five days. The dates are currently set from 3<sup>rd</sup> August to 15<sup>th</sup> August 2019, and we will confirm full details upon receipt of your expression of interest which is made by filling in the form at the end of this leaflet.

The programme includes English learning, western drawing technique, colourful history of arts style, appreciation of master pieces of well-known artist, painting, sketching, collage and also choir. There will be opportunities to take individual lessons. The learning environment is self-inspiring and not accessible easily by private group.

ShIPLEY Arts Festival (SAF) has brought the historic communities of Sussex together since 2000. Now SAF are delighted to host a Summer School to bring students from Asia to have an exceptional learning experience and to mingle with our arts students and music students from Asia and UK together. Trinity Sannyi Music Academy has been set up specifically for SAF to hold cultural exchange programme to young students from Asia, China and Hong Kong. SAF like to invite your children to stay in beautiful settings in England and to visit the world heritage site of The Royal Naval College and many of London's attraction such as St. Paul's Cathedral and the House of Parliament.

Our Summer School course is packed with learning at the world class facilities of the Yehudi Menuhin School.
